**Netting Counseling, PLLC Website Privacy Policy**
**Effective October 1, 2026**

This policy covers the information you share through this website. If you become a client, your clinical information is protected under HIPAA and handled according to my Notice of Privacy Practices, which you'll receive before our first session. That document, not this one, governs your records and care.

**What this site collects**

When you fill out the contact form, you share your name, email, phone number, and whatever you write in your message. The site also collects basic traffic data through cookies, like which pages get visited and how people find the site.

A quick note on the contact form: it isn't the place for detailed personal or clinical information. A sentence or 2 about what you're looking for is plenty. We can get into the rest once we talk.

**How it's used**

Your information is used to respond to you, set up a consultation, and understand how the site is working. There's no mailing list, and your information is never sold or shared for marketing.

**Who else sees it**

A few services keep this site and scheduling running: Wix hosts the website and contact form, and Sessions Health handles scheduling and intake. Each has its own privacy policy. Beyond that, information is only shared with your permission or when the law requires it.

**Keeping it secure**

The site uses SSL encryption, and access to your information is limited to people in my practice who need it to respond to you. No website can promise perfect security, but reasonable steps are taken to protect what you share.

**Cookies**

Cookies help the site remember your preferences and show which pages are useful. You can turn them off in your browser settings, and the site will still work.

**Links to other sites**

This site has links to outside resources. Their privacy practices are their own, so it's worth checking their policies.

**Adults only**

My services are for adults 18 and older, and this site doesn't knowingly collect information from anyone under 18.

**Not for emergencies**

The contact form and email aren't monitored around the clock. If you're in crisis, call or text 988 (Suicide & Crisis Lifeline) or call 911.

**Your choices**

You can ask to see, correct, or delete the information you've shared through this site. Email clientcare.nettingcounseling@gmail.com and it'll be taken care of.
